

Invisible Step Lift by Oyster Mayfair
Completed Projects Brochure

PROJECT – HOW WE PROVIDED WHEELCHAIR ACCESS TO FLATS WITHOUT BLOCKING VEHICLE ACCESS TO THE GARAGES

In this situation a fixed installation of a wheelchair ramp or a traditional low rise step lift would have blocked vehicle access to the garages. The obvious solution to this problem was to install an Invisible Step Lift by Oyster Mayfair (model VH - capable of vertical and horizontal travel). When not in use the invisible step lift is concealed under the paved brick surface allowing vehicles to drive over it in order to reach the garage area.

Lift at rest concealed under to paving.

Side view of lift in action.

WHEELCHAIR ACCESS INSIDE A PROPERTY

This project involved installing a model VH (vertical & horizontal travel) Invisible Step Lift by Oyster Mayfair enabling the householder to travel up and over the steps from his kitchen dining room to his lounge.

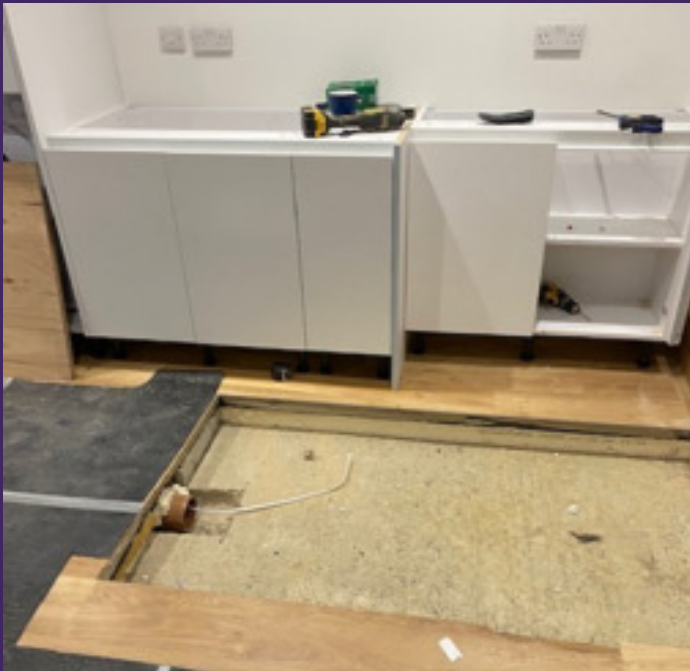

FRONT DOOR TO HOUSE NOW ACCESSIBLE FOR WHEELCHAIR USER

This project in The Republic of Ireland was for an external installation of an Invisible Step Lift by Oyster Mayfair outside the front door steps in order to provide wheelchair access over the steps for entering and exiting the house.

Due to the proximity of this location to the sea the lift had external weather protection of galvanising and special exterior paint to protect against corrosion by sea air.

STEPS FROM KITCHEN TO LOUNGE – PROBLEM SOLVED!

Pit in kitchen floor under construction.

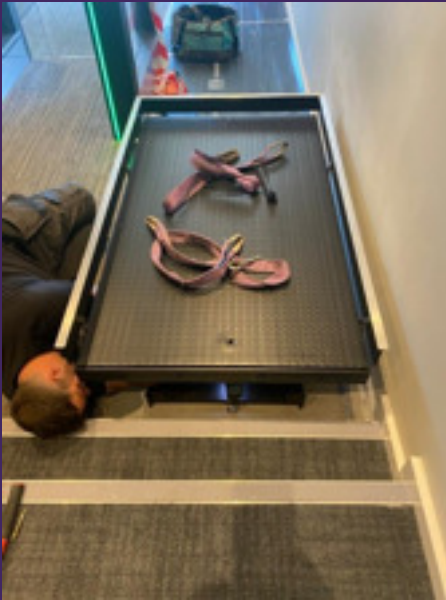

Invisible Step Lift by Oyster Mayfair now concealed in pit.

HERITAGE PROJECT – WHEELCHAIR ACCESS IN A CATHEDRAL

As part of a major restoration and refurbishment program Grade 1 listed Southwell Minster Cathedral in Nottinghamshire now has an Invisible Step Lift by Oyster Mayfair that provides disabled access for wheelchair users to the famous late 13th Century Chapter House.

RESIDENTIAL AND COMMERCIAL PROJECTS

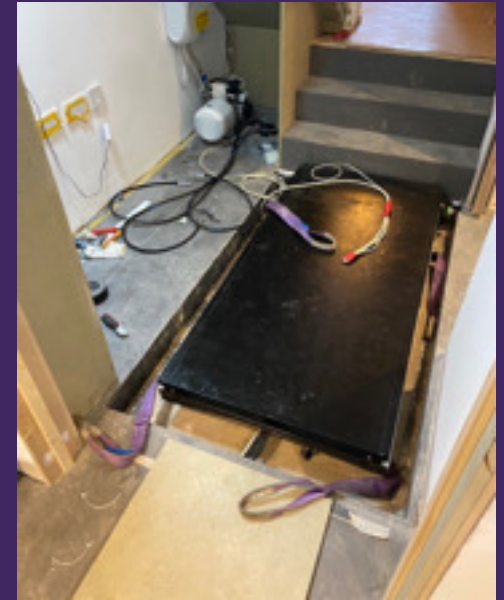

A model VH being installed in reception area of a fitness club.

A model V (for vertical travel only) being installed in a restaurant.

A model VH rising up from under a kitchen floor

Base section of invisible step lift being fitted into pit.

Our previous and current projects include working with private clients, occupational therapists (including DFG Disabled Facilities Grant projects), architects and their clients such as restaurants, offices, museums and places of worship.

All models of Invisible Step Lifts by Oyster Mayfair come with a FREE 5 Year Warranty - PARTS AND LABOUR subject to lifts being serviced at our recommended service intervals by us or our approved contractors.
